

Pauquette Center Telehealth Instructions

Follow These Instructions if using a Desktop or Laptop with a video camera:

1. Log in to your email and then look for an email sent from a Pauquette email address.

Example: Clinic@Pauquette.com

2. Open up the email by clicking on it.

3. After opening the email you will be looking at an invitation for the session.

4. About a quarter the way down the email you will see the words “Join Hangouts Meet” with a blue colored web address below it.

5. Click on the blue web address.

6. A page will come up with a camera view of yourself. On the right hand side of the screen you will either see the words “Ready to Join?” or “Request to Join?”

7. Below these words click on the option that says “Join now.”

8. Once you join you will be connected to the session.

9. Your clinician may not be connected yet. If this is the case just wait in the “virtual waiting room” until they connect.

a. Please note that if you join the meeting before your therapist, sometimes it times out. That’s okay, you can just keep trying it.

10. Once both you and your clinician are connected you can begin the session.

11. At the end of the session click on the X in the upper right hand corner of the web page to leave the session.

**Follow these Instructions if using a Smart device such as a Smart phone,
IPAD, or Tablet:**

First Step: Downloading the Application

1. If you have an Apple device (such as an iPhone or IPAD) go to the App store. This can be found by looking at your phone and finding the blue square that has the white A on it and underneath it says App Store.
2. If you have an Android device (such as a Samsung Galaxy) go to the Play store. This can either be found on the screen of your phone or by going to search and typing in Play store. Look for a white box with a blue/red/yellow triangle pointing to the right.
3. After getting into either the App store or Play store search for “Hangouts Meet by Google.”
4. When this app is found click on the “Get” button which will start the download.
5. Once the app is downloading on the phone you are set up to use your device for the Telehealth session.

Second Step: Opening the Session from your phone

1. Open your email on your phone. Typically your email can be opened through the email app on your phone. If not, open your internet app and search for your email server and log in.
