

About Us

The Pauquette Center for Psychological Services is an Outpatient Mental and Behavioral Health Organization serving Wisconsin. We have 8 clinics across the State of Wisconsin including physical locations in Richland Center, Reedsburg, Baraboo, Portage, Prairie Du Sac, Columbus, Madison, and Whitewater. We also offer telehealth services. We are committed to serving clients in all of our communities and provide a variety of treatment programs and services for the treatment of mental health and substance abuse.

In addition to standard outpatient services, the Pauquette Center offers a variety of specialty services including psychological assessments, forensic & specialty evaluations, expert opinions and testimony, consultation, training, Employee Assistance and more. Visit our website or email the address below for more information on our available programs and services
