

PAUQUETTE ANTIVIOLENCE • PROGRAM •

Discover a Path to Peace
with the Pauquette
Center Anti-Violence
Program.

Break the cycle of violence and aggression through our comprehensive program. Our Certified Batterer Treatment Providers assess and treat the root causes of domestic violence in accordance with WBTPA standards. In addition, we offer services to address generalized aggression, including curriculum for anger management. Pauquette

provides a safe and supportive environment, both in-person and online.

Our clients experience the power of collective healing with dual facilitators guiding each session, and learn to embrace the support of peers

who understand their journey, creating accountability and empathy. Aligned with WBTPA standards, our 24-session program empowers our clients to take ownership of their actions and accept personal responsibility.

Our commitment extends beyond the sessions. Clients can access our 24-hour crisis line, and can schedule tailored individual sessions if needed.
